

PND15\_Adult-exonic\_bg\_all\_GO\_MF

motor  
**activity** kinase ligase oxidase dehydrogenase acting hydrolase acid transferase

ligandgated calcium voltagegated cation  
**activity** channel transporter ion transmembrane inorganic

nucleoside  
**binding** purine ribonucleotide ribonucleoside nucleotide acid compound adeny

**binding** complement light intermediate dynein chain

interleukin signaling glutamate proteincoupled  
**receptor activity** nucleotide alphasadrenergic purinergic

**binding** myosin alphaactinin microtubule actin
